CAREER SUMMARY:

Web Developer with over 4.10 years of experience in crafting dynamic, scalable, and user-centric web applications. Proficient in a wide range of modern tools and technologies including Next.js, Laravel, WordPress, WooCommerce, Tailwind CSS & UI, Elementor, WP Page Builder, Bootstrap, HTML5, CSS3, JavaScript, and jQuery. Skilled in building responsive, performance-optimized interfaces with a strong focus on UI/UX best practices and reusable component-based architecture. Adept at API testing and integration using Postman, as well as debugging, performance tuning, and ensuring cross-browser compatibility. Experienced in collaborative, agile development environments and version control with Git. Passionate about continuous learning and keeping up with the latest trends and innovations in web development.

TECHNICAL SKILLS:

- **Front-End Development:** Next.js, JavaScript (ES6+), HTML5, CSS3, SCSS, Tailwind CSS, Bootstrap, jQuery
- **Backend Development:** Laravel (MVC Architecture, Blade Templates, Eloquent ORM), WordPress (Custom Themes, Plugins), WooCommerce
- **API Integration:** RESTful APIs, GraphQL, Postman
- **Version Control:** Git, GitHub, GitLab
- **UI/UX Design:** Responsive Design, Component-Based Architecture, Figma (Wireframing & Prototyping), Elementor, WP Page Builder
- **Build Tools:** npm, yarn
- **Testing Tools:** Chrome DevTools, Postman
- **Other Skills:** Cross-Browser Compatibility, Performance Optimization, SEO Best Practices

WORK EXPERIENCE:

Qtonix Software Pvt. Ltd.

Sr. Software Engineer (Tech. Lead) | 1st September, 2025 - Present

- Designed and developed custom web solutions, ensuring clean, scalable, and maintainable code.
- Built and optimized dynamic websites, applications, and APIs for high performance.
- Implemented responsive UI/UX designs, enhancing accessibility and user engagement.
- Integrated third-party APIs and services to extend application functionality.
- Conducted debugging, testing, and deployment to ensure smooth project delivery.
- Leading the development team, assigning tasks, and ensuring timely project delivery.
- Collaborating with cross-functional teams to align technical solutions with business goals.
- Overseeing project planning, code reviews, and providing technical guidance to team members.

Andolasoft Inc.

Software Engineer | 3rd February, 2023 - 25th August 2025

- Designed and developed web applications from initial concept, site architecture, and wireframes to final deployment, ensuring a seamless user experience and alignment with business goals.
- Built dynamic, scalable front-end interfaces using Next.js, Tailwind CSS, HTML5, and JavaScript, translating design assets into reusable, component-based code.
- Developed and customized dynamic websites and eCommerce platforms using WordPress, WooCommerce, Elementor, and custom themes/plugins.
- Engineered robust backend functionalities using Laravel, including API development, database management, and server-side logic to support front-end features.
- Integrated and configured third-party APIs and services (RESTful APIs, GraphQL) to enhance application interactivity and data flow.
- Employed component-based architecture and reusable code structures to ensure consistency and maintainability across projects.

Ajatus Software Pvt. Ltd.

Software Developer | 12th December, 2020 - 2nd February 2023

- Transformed concepts into interactive design mockups and prototypes using tools like Figma, enhancing user experiences and improving site interactions.
- Collaborated with designers and stakeholders to refine UI/UX designs, ensuring a balance between functionality and aesthetics.
- Built and integrated content management solutions with Next.js and Wordpress enabling clients to manage and update content effortlessly.
- Focused on creating responsive, cross-browser compatible designs to deliver consistent performance across all devices and platforms.
